

FALL PREVENTION PARTNERS PROGRAM

As a community health care provider, fall prevention home safety can be a critical part of your patient plan of care.

As fall prevention home safety specialists, we're joining forces with our healthcare partners valley wide, to reduce unnecessary falls, injury and hospital readmission.

HOW IT WORKS...

- ✓ Commit to being a fall prevention home safety advocate for your patients/clients
- ✓ We'll provide you with a patient/client screening questionnaire with your logo
- ✓ Fall risk patients will receive our free home safety assessment performed by our physical/occupational therapists
- ✓ Following our clinically guided recommendations, we can provide & install home safety modifications and aids as needed

TOGETHER, WE CAN MAKE A DIFFERENCE, ONE PATIENT AT A TIME

For more information or to sign up for participation, contact Measurabilities Home Safety at 480-214-9725
